BOOSTER PLUG
ORIGINAL AND BEST

Installation

Model specific instructions

These instructions are a model specific add-on to the general BoosterPlug installation instructions.
Installation Tips

- Install the BoosterPlug module as per the general installation papers.
- The pictures below should help you locate the AIT sensor where the BoosterPlug is installed.
  - On the 690 Enduro and the 690 SMC until 2016, the AIT sensor is located on the underside of the airbox.
  - On 2017 and newer models, the AIT sensor is placed in the rear left hand side of the airbox.
  - You can reach the sensor from the left hand side of the bike.
